Opportunities

Hey, it’s possible!

Thank you!
FACULDADE DE
CIÊNCIAS E TECNOLOGIA

Summary:

Difficulties:

- Change happened over night so no one was prepared
- Some courses don’t allow digital learning
- Internet connection access and/or access to computer (social and economic inequalities)
- Impacts on mental health when our resting and leisure places becomes the work space too
- Data security (very brief comment)
- Quality and limitations of online classes
- Assessment: the fear of cheating and fraud could affect the evaluation

Summary:

Opportunities:

- It’s possible
- Easier to go to classes (avoiding hours of commuting)
- Recorded classes allow replay, pause, etc.
- Opportuniy to prepare the next semester with time and mechanisms that avoid economic/social diferences
- Opportunity to include new and more advanced digital tools (e.g. AI and Machine learning)
- Despite all the tragic aspects of the pandemic, this semester showed the needs and opportunities for changes
