- Article on Open Access by Françoise Vandooren, ULB, member of the Scholarly Communication Core Group

PUBLICATIONS

- 4 UNICA e-newsletters
- Website:
 - Update of activities
 - Creation of PRIUM, HE Reform II and Tempus IV web pages
 - Creation of the Virtual Community of Bologna Experts
- UNICA New office leaflet
- Wikipedia

CONCLUSION:

- **Internationalization & Mobility.** Most of the activities proposed in the Work Programme 2008 were achieved. In addition, new initiatives were taken: EC proposals were submitted and UNICA was granted 4 EC projects. The Network of Alumni of UNICA Student Conferences will be implemented together with the new UNICA Website and as part of the Communication strategy.
- **Education.** The proposed activities were achieved, except for the call for Joint Programmes. Following the 8th Bologna Lab Coordinators in Dubrovnik, July 3, the Bologna Lab will be reshaped in 2009 and priorities will be set.
- **Research & Development.** UNICA set up the organizing committee for the launching of the Entrepreneurship Competition for Students and Young Researchers that will take place 2009.

The PhD seminar, hosted by Université Pierre et Marie Curie was very successful. Science Park & Incubators project is in the Work Programme 2009.

- **Policy & Strategy.** The Career Center initiative is expected to be implemented in 2009. This issue was discussed at the IRO meeting (April, Paris) and will be framed in the Bologna Lab reshaping (2009). The equality and diversity initiatives have been achieved through the elaboration of the Minimum standards document and through strengthening cooperation with the EC. UNICA has highly improved the external visibility of the Network thanks to the EC projects. Next steps will be taken to improve cooperation within the Network as part of the Communication strategy.
- **Mission & Link with society.** Cooperation with UCEU (Union of Capitals of the European Union) was further explored. A seminar on the contribution of universities to capital cities will be organized in 2009.
- **Running EC Projects.** UNICA leads the three running EC projects' Consortia. The visibility and credibility of the Network in the EHEA has highly increased. Concerning the HE Reform II and the Tempus IV projects, 4 Conferences, hosting between 40 and 130 participants each has been organized in less than 5 months. Two sites visits have taken place in the framework of the PRIUM Project.
- **Participation in other organizations' activities.** UNICA has increased its participation in initiatives of other organizations. We have been asked to write articles for different publications and we are invited to work as partner for new EC projects.
- **UNICA Secretariat.** In the year 2007-2008 UNICA moved office twice. The UNICA meeting room can be booked for activities of the members (max capacity 8-10 people). Two meetings have already been held at UNICA Secretariat in 2008.
- **The UNICA Team.**
 - Secretary General: Kris Dejonckheere
 - UNICA Assistant: Sarah de Heusch was on her maternity leave from March to August. She tendered her resignation, coming into effect on September 1. Carmen Torres replaces Sarah de Heusch.
 - Project Assistant: Eva Reina
 - As approved at the IRO meeting in Paris, April 10-12, UNICA Secretariat will offer traineeship periods for students. UNICA trainees 2008:
 - Anna Laudy (University of Warsaw), from 19 August to 19 September
 - Tadej Burkelc (University of Ljubljana) from 15 September to 20 December
