## Our programmes

**Erasmus**

**Bilateral agreements**

**Nordplus**

**Ad hoc: Culture stipends,  
Sasakawa etc.**

## The challenges UoC face on mobility issues:

### THE (IM)BALANCE:

#### Incoming students:

1024 in 2005 /  
1667 in 2009 (gross 2021)

#### Outgoing students:

722 in 2005 /  
1073 in 2009 (gross 1306)

## Our strategic plan: the 5 point plan!

- Campus market days (focus on Europe)
- Easier application procedures for the students, online system (only two enclosures)
- Lesser numbers agreements – more quality!
- More information material & and train our student counsellors to have an “outbound” mind set
- More internships for students

## Work shop – hands on practical experience!

## Our strategic plan - the 5 point plan!

3 groups working on:

“Increasing inbound mobility”

“Increasing outbound mobility”

“Organisation of mobility”

Select 5 points to present for the rest of the group and explain the targets in sentences like:

*“We would like to accomplish X by doing Y because we think it would XXXX”*
