

10th Meeting of UNICA Bologna Lab Coordinators
Learning from Stockholm University and from each other
Developing the UNICA European Campus
November 30-December 1, 2009
Stockholm University

Some practical details

1. On Sunday evening at 19 p.m. I will be in the hotel lobby and give you the conference materials and some other information. We could have a drink there if you feel like it and chat a little bit. On Monday morning we go together from Mornington Hotel to the University. I will pick you up at 9.15 a.m. We will take the subway (= tunnelbana) from Östermalmstorg.
2. Those of you who arrive later or have another accommodation can take the subway RED LINE, end station: MÖRBY (be careful because there is a branching at Östermalmstorg). You get off at UNIVERSITETET, and you take the footpath that turns slightly to the right. After a hundred meter you see round building made mostly of glass. On your right hand you have the entrance to AULA MAGNA.
3. On Monday the conference will be at AULA MAGNA, seminar room KUNGSSTENEN, located on the 7th floor. There is an elevator on the left hand when you get into the building. On Tuesday we will move to the SOUTH HOUSES (= Södra Husen) nearby. I will explain the way to you when we meet.
4. We will have lunch at the Campus on Monday and Tuesday. On Monday evening at 19.30 pm. an early Christmas buffet dinner will be offered at the GOST CASTLE (= Spökslottet) in the City center. Spökslottet is situated at Drottninggatan 116 and can be reached from Mornington by subway, or by foot.
5. Unfortunately it is not possible for us to arrange a pick up at Arlanda airport. Your arrival hours are too dispersed to make this possible. The best transfer to Stockholm is to take the ARLANDA EXPRESS that leaves you at CITYTERMINALEN. You can walk from there to the hotel, but I advise you to take the subway from CENTRALEN to Östermalmstorg, red line one station.
6. There has been a change in the programme. Gunilla Jacobsson, from the National Agency of Higher Education, and other experts at the Ministry of Education have got prevented because of an urgent meeting in Brussels. Her presentation will be covered in an interesting way.

Here is a link to a map of the Campus. The subway exit is marked with a T:

We look forward to seeing you in Stockholm!

Johan Falk
