Réseau des **UNI**versités  
des **CA**pitales de l'Europe

Network of **UNI**versities  
from the **CA**pitals of Europe

[www.unica-network.eu](http://www.unica-network.eu)

UNICA is a network of 42 universities from the capital cities of Europe, with a combined strength of over 130,000 staff and 1,500,000 students. Its role is to promote academic excellence, integration and cooperation between member universities throughout Europe. It seeks also to be a driving force in the development of the Bologna process and to facilitate the integration of universities from Central and

Eastern Europe into the European Higher Education Area. To achieve its aims, UNICA articulates the views of member universities to European institutions and to national, regional and municipal governments. It provides members with information on European initiatives and programmes, and supports them in co-operation projects. It also provides a forum in which universities can reflect on the demands of strategic change in university research, education and administration.
