

Rectors Seminar 2012

Europe-Canada: The future of Academic Cooperation

1

Exploring and identifying innovative approaches
for Europe-Canada academic cooperation

Bruxelles

Tuesday, September 25th 2012

Hélène David, Vice-rector
International Relations
Université de Montréal

Outgoing student mobility : few examples

2

- Bachelor's degree in Industrial Design : possibility to do a practical internships abroad.
 - Master in Architecture : seminar in Japan (with a professor from UdeM. It including architecturals and industrials visits).
 - École d'architecture de paysage: many possibilities to spend a study period abroad (France, Germany, Belgium, Spain, Thailand, Australia, China, Chili and Brasil).
 - Master in Political Science : seminar (2012-2013) in collaboration with ULB : « *The North American and European parliamentaries systems* ».
-
- Since 2002, our Faculty of Law are organizing a summer program in Beijing, in China, with the China University of Political Science and Law (CUPL). During 4 weeks, students from UdeM and from others universities are taking classes on chinese law, and are doing professionnals and culturals visits.
 - Since 2006, our Faculty of Law are holding a Summer School in Montreal for students and chinese jurists.
- **Objective : to increase by 50 % the number of outgoing students (actually = 4,5 %)**
 - **Action : to diversify the internationals study journey types**

International specialization

3

One of the main objectives in recent updating of undergraduate studies at UdeM

Outline

- Obligation to study abroad for at least one semester
- Mastering specific, disciplinary contents with an international orientation : at least 12 credits

Contents

A combination of the following :

- UdeM courses having an international scope
- Language or culture courses
- Practical or professional internships abroad
- Integration activities at UdeM : seminars, lectures, tutorials

Requirements

- The specialization is a path to excellence reserved for top students
- Access is determined by the faculties and departments;
- An « *International specialization* » mention appears on the diploma if all courses and internships are successfully completed

Already implemented in:

- Bachelor's degree in Industrial Relations
- Bachelor's degree in Sociology

Joint Programmes

4

1) International Master in Evaluation and Management of Health Technologies

- Teaching is in English language
- 4 modules of 2 weeks each one in Montreal, Barcelona, Toronto and Roma
