

Words of farewell

Dear UNICA colleagues and friends!

Now that the end of my mandate as UNICA President is fast approaching I would like to express my sincerest gratitude to all of you who have supported me so strongly over the past four years. As UNICA President I have tried my best to serve the UNICA network, in particular with regard to developing relevant fields of joint activities, finding good organisational framework conditions for these activities, and to increasing the level of quality and European visibility of our network. Moreover, I have enjoyed being at so many member institutions, working with so many of you in different contexts, and sharing the feeling of togetherness against the background of common goals. I am convinced that under Stavros Zenios' presidency the network will continue its successful path into the future, and as I will have the honour of re-entering the Steering Committee I will not end by saying "farewell" but rather by "see you soon"!

Thank you all!
Arthur Mettinger

UNICA President 2004-2007
