

UNICA University Incubator Network

Vision

- We aim to become an internationally acclaimed university incubator serving as the best platform to newly established enterprises when entering the business arena

- From 2008 we have addressed more than **3500** students on the events and workshops, we have supported **70** ideas and businesses on their entrepreneurial journey, our start-up companies created more than **300** jobs, **11** business had received Business Angels funding

In 2009 our start-up Uniki received second prize in UNICA entrepreneurship competition

8 pillars for generating innovation, creativity and Great business performance

- Interdisciplinarity
- Communication
- Networking
- Art in LUI
- Flexibility
- Incenting competition
- Knowledge
- Internationalization

Internationalization with UNICA University Incubator Network *UNincubator*

- Selecting and providing special training to incubator officers
- Opportunity for university incubators to exchange experiences and good practice
- Opportunity for start-ups to go global and collaborate with other European start-ups
- Selecting and providing special training activities for start-ups
- Opportunity for the members of the University Incubator Network to get EU project funds

Innovation matching

- The project will help carry out the internationalization of UNICA incubators and research oriented start-up (spin –out) companies or teams

- Phase 1: Establishment of the University Incubator Network
- Phase 2: Methodology definition (indicators) that will serve as base for matching
- Phase 3: Matching of research teams or start-ups
- Phase 4: Teams preparing a business plan
- Phase 5: Establishment of the international spin-outs
