

UGAF - University and City

1. UGAF as facilitator in relationships between universities and city
2. **Creation of a portfolio on type of relationships** – guidelines
3. UGAF as an active voice – support
4. Common event between UGAF universities and cities (model 'Night of the Museums')
5. Social and economical aspects of cities should not be left aside. Cities should be living laboratories (open the doors to the city). Ex. research projects on energy 'smart city research project'

UGAF – Research and Education

1. Introduce small study units on sustainability in programmes (1-2 credits)
2. **Summer/Winter school for UGAF students**
3. Training for academic staff ('how to teach sustainability'): **"UNICA Master Classes"**
4. Exchange of material to promote sustainability (posters)
5. Student Cell for sustainability at student union or parliament
6. Research on 'how to integrate sustainability' in the programmes
7. Certification for students
8. Student develop courses for schools, NGO's
9. Attraction of students or, more important, good students

UGAF – Green campus/1

Education

- Exchanges of administrative staff
- Summer school (1 week or 2) for students with credits
- Open-minder conferences with invited foreign speakers

Promotion

- One common campaign one topic (waste, ...)
- Ideas festivals
- Games (Rallye)
- UGAF Competitions: best green, UGAF sustainable week, bio-gardens
- Best practice guidelines 'one for all' (ex. Plymouth)
- Policy for green UNICA meeting and beyond (toolkit and video conferences)
- Platform for students (UGAF website)

UGAF – Green campus/2

Promotion (suite)

- Involvement meetings for all university stakeholders

Content

- Launching by UGAF members a practical research managed by a small group of universities on one topic related to Green campus
- UGAF guidelines on environmental reporting – goal: benchmarking

UGAF – Tools

- Website
- List of contact persons
- Checklists
- Room swap for students

UGAF – Next steps *"Generosity"*

- Staff exchanges with results spread to all UGAF (ULB and UNIL?)
- Green school (UiO for IT?)
- Summer School (t.b.d.) and credits for practical projects
- UGAF Sustainability Day (one day? one week?) 'be sustainable for a week': with suggestions from UGAF activities on water, energy waste, food, contest and price. With link to EU year's topic
