Working Group: International Curricula

Cascade Teaching

Part-Time Studies

Top-Class Sport

4. HU-Q-Programme
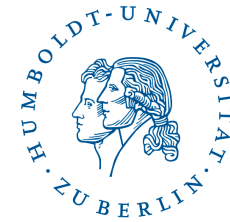

Q-Modules

Students acquire the learning and qualification goals on their own. They are allowed to participate in the final exam without having attended the lecture.

Q-Tutorials (former project tutorials)

Students design and offer classes for other students. They are offered special training classes in order to guarantee certain quality standards.
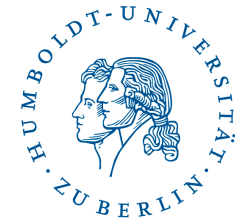

4. HU-Q-Programme
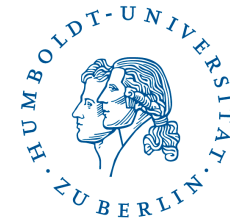

Q-Teams

Students are given the opportunity to gain research experience within a research team and project, led by doctoral students.

Q-Courses of lectures

Students from HU and an international partner university work together on a specific topic, using video conferences and social media such as moodle, facebook etc.
