Working Groups

Compare the three models/approaches for a smooth transition we heart about.

The following should be considered (for each model):

- what you like
- what you don't like
- what can see as risky, critical or needs extra consideration

Do this from the perspective of

- the management/directors
- supervisors
- candidates/students

Hans, Andreas and Vaughan will circulate.

The Experiment

Thanks to our six volunteers we will consider three concrete cases:

1. University of Zagreb
Juraj and Tonči
2. University of Salzburg
Erika and Thomas
3. Babes-Bolyai University Cluj Napoca
Camelia and Gabriela
