

To Professor Luciano Saso, UNICA President

To UNICA Steering Committee

**Letter of intent : re-submission of the application for UNICA membership**

Dear UNICA President, Dear UNICA Partners,

As the newly elected President of Sorbonne Nouvelle University, it is my pleasure to apply officially to UNICA membership for the period starting in January 2020.

Our previous withdrawal was the result of a policy in international relations that we deeply regret and it is definitely not our current approach regarding UNICA network.

We actually value the importance of enhancing different forms of cooperation between European universities, being aware that such a network as UNICA allows many fruitful reflections about key future academic and social trends.

Therefore we are looking forward to resuming our position within UNICA network and I really hope that our request could be put on the agenda of the Steering Committee at the end of November.

Yours sincerely,

13/11/2019
