

Redefining Quality

Introduction

**Today's quality assurance is not based on
students' best interest**

Promoting students' perception of quality

**Online platform for idea sharing and equal
access to information**

Welcome to our glorious platform!

Education

There is a **lack of information** regarding
quality assurance

Provide **tools** for students

Forum

European students haven't got an effective way to **communicate** with each other

A forum where **everyone** can post their ideas

Success Stories

**Better to highlight good examples than
shaming the bad ones**

We collect **success stories** from around the
globe
