Hands-on testing of digital learning tools

Elyna Nevski
Jaanika Hirv

PHOTO ASSIGNMENT

- PEOPLE WHO'LL JOIN TO WALK ON DISCOVERY TRAIL
- Take your own smartphone or tablet (or provided "green" ipad :)
- Please photograph places inside or outside the TLÜ that **associate to you with learning or innovation in education**
- You can take your photos during a visit to Kadrioru park
- Please share your photo (you can upload more than one photo) on the page: **padlet.com/elyna84/learning**
- Please be ready do comment your picture and share your ideas about **where and how we learn?**

PRACTICAL ACTIVITIES

PEOPLE WHO WILL STAY HERE

- Please form 2 groups - PHOTO group and VIDEO group (approx. 14 people in group).
- You'll have 30minutes to do your assignment then you'll share your results with others.
- After activities we have a discussion.
- Elyna will give a short overview about PHOTO task and Jaanika will introduce VIDEO task.

"PHOTO HUNT" (APPROX. 14 PARTICIPANTS)

- Please form a group of 3.
- At least one camera (smartphone camera is fine) per group.
- Topics that need to be photographed
  - *tradition and innovation in education*
  - *21.century learner*
  - *happy people in a "green" learning place*
  - *digital learning tools save us*
- You can take photos inside and outside the TLÜ
- Complete the topics on the list in the most creative manner :)
- Please upload all the photos on **padlet.com/elyna84/unicagreen**

VIDEO ASSIGNMENT "ACH SO" (APPROX. 14 PARTICIPANTS)

- Please form group of 3 people.
- Take one of the provided iPads per group and a paper with the topics.
- Open the AchSo app (Jaanika will demonstrate the tool).
- Take a walk inside/outside TLU and shoot a video on ONE of the topics (you choose which one):
  - *tradition and innovation in education*
  - *21.century learner*
  - *happy people in a "green" learning place*
  - *digital learning tools save us*
- Add annotations to the video to highlight details relevant to the topic.
- Share your annotated video in an AchSo group "UNICA Green".
- After that we'll view and discuss the videos.

DISCUSSION

- Which examples of innovative/sustainable learning spaces did you notice in TLU while doing these tasks?
- Based on these tasks, which medium (photo, video) would you prefer to spread ideas of sustainability in higher education? Why?
- Which digital skills did you use/were needed to complete these tasks?
