About the platform

The Integration and Promotion of Staff Training Courses at Universities across Europe (IMOTION) project was a one year initiative co-funded within the European Union's Lifelong Learning Programme (Erasmus Accompanying Measures) which started in October 2013.

The IMOTION **staffmobility.eu** online platform created in the framework of the project centralises information about training activities organised for university administrative and technical staff organised in Europe. It aims to support Higher Education Institutions in the promotion of their staff training events and to help university administrative staff to find the appropriate training or job shadowing they are looking for.
