**Language:** English

**Application deadline:** 5 February 2019

**Accommodation:** self arranged

### **About the project:**

The project consortium consisting of Eötvös Loránd University, UniLaSalle, University of Alcalá, the Network of Universities from the Capitals of Europe (UNICA) and the European University Foundation (EUF) has identified that staff mobility for teaching is often not of sufficient quality and not easily accessible for (especially junior) teaching staff.

For this purpose, the Teach with Erasmus+ project (TWE+) is trying to tackle the accessibility to teaching mobility, as well as to set a framework that allows Higher Education Institutions to measure the quality of teaching mobility. Furthermore, the consortium aims to collect a catalogue of innovative pedagogical tools & methods to be made available to the Higher Education sector.

At the centre of the project outcomes will be the Erasmus+ Teaching Mobility Platform (ETMP), a Marketplace where institutions/teachers can offer and find teaching opportunities. The ETMP will be a logical continuation of [www.staffmobility.eu](http://www.staffmobility.eu), the current platform providing a marketplace for staff mobility for training.

The present focus group aims to develop a research quality & impact tool for teaching mobility assessment, as current measures do not exist.

### **We are looking for participants with the following background:**

- **higher education professionals** (IRO leaders or staff members), who are involved in the organization of teaching staff mobilities or are responsible for strategy making in this field
- **higher education teaching staff**, who have experience on short-term mobility for teaching, especially within the frames of the Erasmus+ or LLP programme
- **higher education teaching staff**, who have not participated in short-term mobility for teaching yet and are willing to share the obstacles they faced on this matter

**Application procedure:** please send the completed Application Form to [katalin.anna.nemeth@dep.elte.hu](mailto:katalin.anna.nemeth@dep.elte.hu)  
Results will be announced by e-mail until 10 February 2019.

**Costs:** there is no participation fee. Participants have to cover the expenses from other resources (e.g. Erasmus+ KA103). For questions regarding funding options please contact your International Office.
