Opportunities behind EWP

- EWP is an innovative approach with an unprecedented potential to:
 - **link** all higher education institutions in an overall electronic network;
 - **enable** the permanent migration from the paper world to the electronic world of student data;
 - **improve** efficiency of labour and access to student data across Europe.

Grant specifics

- Key Action 3 – Policy Reform
- 2 year project with end in fall 2017
- Scaling up existing practice

Scope of EWP Network

- Bilateral agreements between HEIs
- Range of student data exchange processes:
 - Student exchange applications
 - Nominations
 - Learning agreements
 - Host Transcripts of Records
 - Home Transcripts of Records
 - Arrival/Departure certificates etc ...
- Reporting student data (Mobility Tool)

Project objectives

- **Define an electronic 'EWP Network'** (a kind of student data internet) supporting the exchange of student data in an electronic form through interlinking the existing Erasmus student databases at HEIs.
- **Build connecting software modules** (connectors) to the EWP Network that are driven by specific standards and protocols.
- **Carry out a pilot phase** to test out the feasibility of the proposed solutions for all HEIs in Europe.
