UNICA STUDENT CONFERENCES

The Student Conferences bring together the **students of UNICA member universities** to let them **examine, debate and share their views on Europe's most pertinent issues**, but also to encourage them to **formulate their opinions and recommendations** that could give birth to new initiatives.

Opportunities provided by the Student Conference

- To share experiences with students from different European countries
- To propose improvements in different areas within Higher Education
- To improve my ability to work in a multinational and multicultural team
- To improve my knowledge on the topic I had chosen
- To improve my skills in sharing and defending my own ideas and in negotiating

This conference aims to make the voice of the students listened by the UNICA members. From this event we expect policy papers and recommendations to improve the student academic experience.

UNICA STUDENT CONFERENCES

- Organised by UNICA in cooperation with the hosting university every two years
- Initiated in 2000 on the initiative of Freie Universität Berlin
- **2000 – 2017: 9 editions in different European Capital Cities**
