Terms and conditions of a team participation in KPI-OPEN 2021 in the remote format

1. The process of solving problems is recorded on video.
2. At a specific time, participants are given access to the ejudge system.
3. The team must have an access to the Internet.
4. Participants of the competition are obliged to connect **2 cameras** during the Olympiad, which will shoot online from two angles (participants and their workplace). **See photo 1 and photo 2 below.**
5. Participants are not allowed to use mobile phones and other electronic devices to solve problems.
6. If it is recorded during the competition that the team uses prohibited means to solve tasks - the team will be disqualified and removed from the competition.
7. When there is no Internet connection, the team is blocked in the system for solving problems, after the connection is renewed, time is not added to the team.
