

BLENDDED INTENSIVE PROGRAMMES FOR STAFF

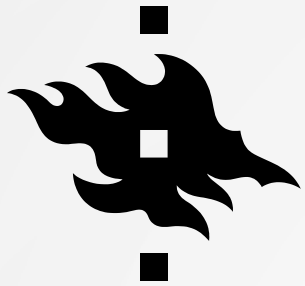

Course for Mobility Officers in our European University Network

STAFF BIP FOR UNA EUROPA MOBILITY OFFICERS

- BIP – UNA Europa as a platform for Blended Intensive Programmes - Building a joint format / processes → First mobility officers, in the future can be applied by any group: library staff, HR, university pedagogy specialists, teachers, controllers specializing in EU funding, etc.
- BIPs are mainly coordinated from IROs, therefore it is good to build the model testing it on ourselves first (planning, marketing and support for organisers)
- BIP as a strategic tool

PLANNED FORMAT

- **4 IRO participants from each member university, people that work daily with the topics we are discussing and planning**
- **Virtual sessions before the mobility:** Getting to know each other's universities and mobility contexts
- **Mobility:** Five days in Finland in May-June.
 - A mix of intensive work and social events.
 - Preliminary topics: Planning a joint process for Staff BIPs, Mobility goals in the network and what can we do to reach them, our global cooperation, joint programmes, PhD student mobility, teacher and staff mobility
 - Parallel sessions, small groups, roundtables, gallery walks, brainstorming
- **Virtual sessions after the mobility:** How do participants apply what they've learned at their own university? What are the next steps – joint projects, plans for BIPs, etc?
