RECRUITMENT FOR UKRAINE

Online Admission System for Candidates from Ukraine

Welcome to the national system of Online Admission for Candidates from Ukraine. The purpose of the system is to help candidates from Ukraine to become acquainted with available routes to further education and opportunities for finding employment at Polish universities and institutes of science. This offer is intended for those who are commencing studies, as well as students, doctoral students and employees of universities and scientific institutions in Ukraine who wish to continue with their studies. This system provides the possibility to enroll for a full cycle of studies as well as to continue studies already commenced at a Ukrainian university; it also presents the possibility of participating in selected classes, undertaking studies at doctoral schools, as well as offers of cooperation (i.e. internships, scholarships) and employment at Polish institutions of higher education and science (i.e. universities and institutes of science).
