EWP

Case study of the University of Ljubljana

Helena Deršek Štuhec

Bucharest, 14th November 2024

In general

- UL has 26 member faculties, 2000 incoming and 1500 outgoing students
- More than 2500 IIAs
- Decentralised approach in IIA management – Organisational Units
- Too big for Dashboard

In – house system

Not entirely true – TALPAS –

IT company that manages our student information system in general

- All Erasmus+ mobility flows, financial part for outgoing mobilities
- Reporting to BM

EWP - IIA

- We connected to EWP in October 2022 only with IIAs

Today's result:

1460 IIAs signed by both sides

671 waiting for partner's action

-  Pregled sporazumov
-  Dodaj sporazum
-  Factsheet
-  Validacijske napake

Pregled sporazumov

[SHRANI UČNI SPORAZUM IN NADALJUJ NA PODPIS](#)

Challenges

- Bad foundation to start with on EC level
- Different, not compatible systems
- Transition from version 6.0.0 to 7.0.0
- Excessive e-mail communication for one IIA
- Very expensive, but with such an IT team it is worth it.
