

# Pitch & Connect Session | Connecting EU & Canadian Universities through Erasmus+

## 1. Event details

The session will be held **online** and will last **90 minutes**.

Date: **Wednesday, 2 September 2026**

Time: **17:00 CEST (Brussels) / 8:00 AM PDT (Vancouver) / 11:00 AM EDT (Ottawa–Québec)**

## 2. Policy context and rationale

The [UNICA Days 2026](#) highlighted the **growing strategic importance of EU–Canada cooperation in higher education**, research, innovation and societal engagement. Across the discussions, participants repeatedly underlined the **strong alignment between European and Canadian institutions in terms of shared values**, internationalisation priorities and commitment to addressing global challenges collaboratively.

At the same time, the discussions also confirmed the need to **translate this strong political and institutional convergence into more structured and operational cooperation opportunities**. In particular, Erasmus+ was identified as a key instrument for strengthening transatlantic academic collaboration through joint projects, mobility schemes, capacity-building initiatives and institutional partnerships.

Within this context, the proposed match-making event aims to **create a practical follow-up to the UNICA Days by bringing together higher education institutions from Europe and Canada, including Québec, interested in developing Erasmus+ partnerships**. The initiative also seeks to strengthen awareness of existing cooperation opportunities and facilitate direct exchanges between potential project partners and relevant Erasmus+ contact points.

### 3. Objectives

- **Foster networking and partnership-building** between European and Canadian higher education institutions, including Québec.
- **Present Erasmus+ funding opportunities** for EU–Canada cooperation.
- **Support the development of new Erasmus+ partnerships and project proposals.**
- **Promote the exchange of good practices** in internationalisation and transatlantic collaboration.
- **Facilitate dialogue** between higher education institutions and Erasmus+ focal points from Canada and Québec.
- **Build on the connections established** during the UNICA Days 2026.
